

# 2014-2015 AFDO FINAL COMMITTEE REPORT

## Allergen Control at Retail Ad Hoc Committee

\*Chair: Adam Inman, Kansas Department of Agriculture, Topeka, KS

---

**Charge 1:** Collect and review available food allergy guidance documents and develop an AFDO Allergen Control at Retail guidance document.

**Discussion:** The committee membership includes a broad spectrum of highly engaged stakeholders from the regulatory, industry, and consumer communities. The committee had three conference calls. It was agreed that there is a need for an AFDO Allergen Control at Retail guidance document. However, this is an ambitious undertaking that is best served by taking the time necessary to ensure that the guidance is accurate, practical, and up to AFDO's standards.

**Recommendations:** The committee should develop a resource guide cataloging existing resources. The resource guide should also announce that AFDO's own guidance document will be forthcoming. The committee should continue to develop the AFDO Allergen Control at Retail guidance document.

### **Executive Committee Action:**

Approval

Disapproval
