MONDAY DRUG & MEDICAL DEVICE FORUM, CONT.

Moderating: *Alexis Grolla, Inspectorate Manager, Health Products and Food Program, Manitoba and Saskatchewan Region, Health Canada*

3:55 – 4:45 PM – Case Studies – Supplier Controls

Defects; recalls; risk management; approach to mitigation in drugs and devices; recent case studies have resulted in unacceptable public health outcomes because manufacturers did not have adequate supplier quality procedures. Following a risk-based supplier quality program improves quality of the products being manufactured, reduces risk and minimizes liability. Recent widespread recalls having serious public health implications have unnecessarily resulted in eroded confidence in the regulated industry and FDA. Learn from the case studies to be discussed the importance of supplier quality.

Steven M. Niedelman, Senior Consultant, Crowell and Moring
