The screenshot displays the FoodSHIELD application interface. At the top, there is a navigation bar with the FoodSHIELD logo, a user profile icon, and several utility icons (apps, search, help, notifications, and a menu). Below the navigation bar, a secondary bar contains links for 'Workgroups', 'My Groups', 'View All', 'Create', 'Invites', and 'Access Requests'. The main content area is divided into three sections. The first section, 'Welcome, Gary', features a large blue header and a 'Post to group' button. The second section, 'Latest Activity', shows a list of recent events, including 'Update PPE Calculator' and 'Conduct Performance Review of Enforcement Strategies'. The third section, 'Upcoming Activity', displays a 'Meetings' tab and a 'Missing Data Check' button. The bottom of the page shows a 'What's new' section with a 'Training Manager Release' announcement.

What's new

Training Manager Release

The training module allows users to create online or online video and webinar training events, and manage access and registration to those events. Users can register to participate in training events once they are created. For online training events, when a user is accepted into the training, they will receive links to

Grant/Funding Wheels:

AFDO's Retail Program Standards Grant Program:

<http://foodsafetygrants.org/retailstandards/>

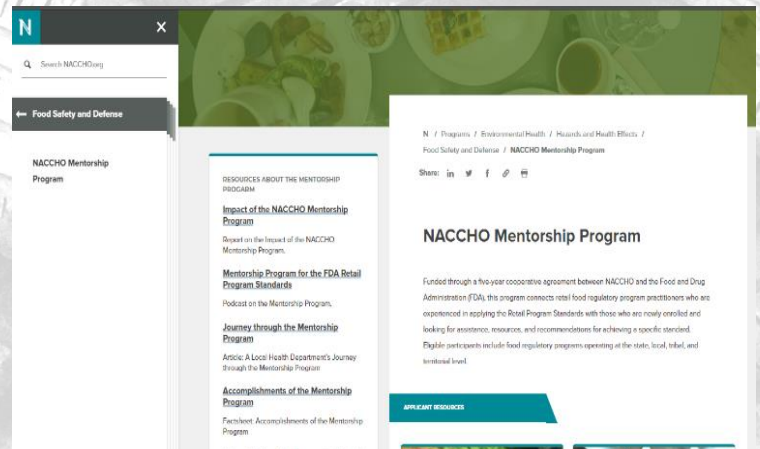

Product Description: Grant Application Portal, and so much more: includes instructions on how to enroll, grant funds available, how to apply, project ideas, what's been done, and who's been doing it.

NACCHO Mentorship Program:

<https://www.naccho.org/programs/environmental-health/hazards/food-safety/mentorship>

Product Description: program description/overview, testimonials, participant list, resources (tools and templates created), guide to getting started, sharing sessions, and a resource center, what's been done and who has been doing it.

Professional Colleagues & Network:

Product Description: Most everyone enrolled is vested in everyone else's success. We've borrowed plenty and are happy to share. Build your network & reach out. Contact enrollees listed on the FDA's page. Ask your FDA Retail Food Specialist for help or contacts.

You can always reach out to me, I will be glad to help anyway I can: Gary.Coggins@vdh.virginia.gov. I will share grant application templates, tools developed and borrowed, try to point you to other resources.

Examples of what's out there:

Standard 1: Regulatory Foundation:

- 2014 Alexandria Food Code (Alexandria Department of Health, VA)
- Oklahoma Food Code (Tulsa City-County Health Department, OK)

Standard 2: Trained Regulatory Staff:

- Affidavit (St. Louis County Health Department, MO)
- Field Training Manual (Fairfax County Health Department, VA)

Standard 3: Inspection Program Based on HACCP Principles:

- Disposition Sheet (Tulsa City-County Health Department, OK)
- Food Establishment Inspection Form (River Stone Health, MT)

Standard 4: Uniform Inspection Program:

- NC Marking Instructions (Wake County Env. Services, NC)
- Quality Assurance Program (City of Vineland HD, NJ)

And, more – something for each standard is out there....
