

State of Ohio – Department of Health

The following provides the State with the authority to obtain records and documents necessary for the determination of consumer food purchases during investigation of foodborne illnesses within their jurisdiction. Questions regarding specific situations, the documents that can be requested, or the statutory citations listed should be directed to the authorized State agency. You may access contact information for the state agency on the Directory of State and Local Officials webpage at:

Ohio Revised Code

§ 3701.14 paragraph A: 3701.14 Special duties of director of health.

(A)The director of health shall investigate or make inquiry as to the cause of disease or illness, including contagious, infectious, epidemic, pandemic, or endemic conditions, and take prompt action to control and suppress it. The reports of births and deaths, the sanitary conditions and effects of localities and employments, the personal and business habits of the people that affect their health, and the relation of the diseases of man and beast, shall be subjects of study by the director. The director may make and execute orders necessary to protect the people against diseases of lower animals, and shall collect and preserve information in respect to such matters and kindred subjects as may be useful in the discharge of the director's duties, and for dissemination among the people. When called upon by the state or local governments, or the board of health of a general or city health district, the director shall promptly investigate and report upon the water supply, sewerage, disposal of excreta of any locality, and the heating, plumbing, and ventilation of a public building.
