

Produce Safety

State programs do the vast majority of all U.S. produce safety inspections every year.

94%

Percentage of U.S. produce inspections conducted by state programs.

FDA fully funds most produce programs.

10,406

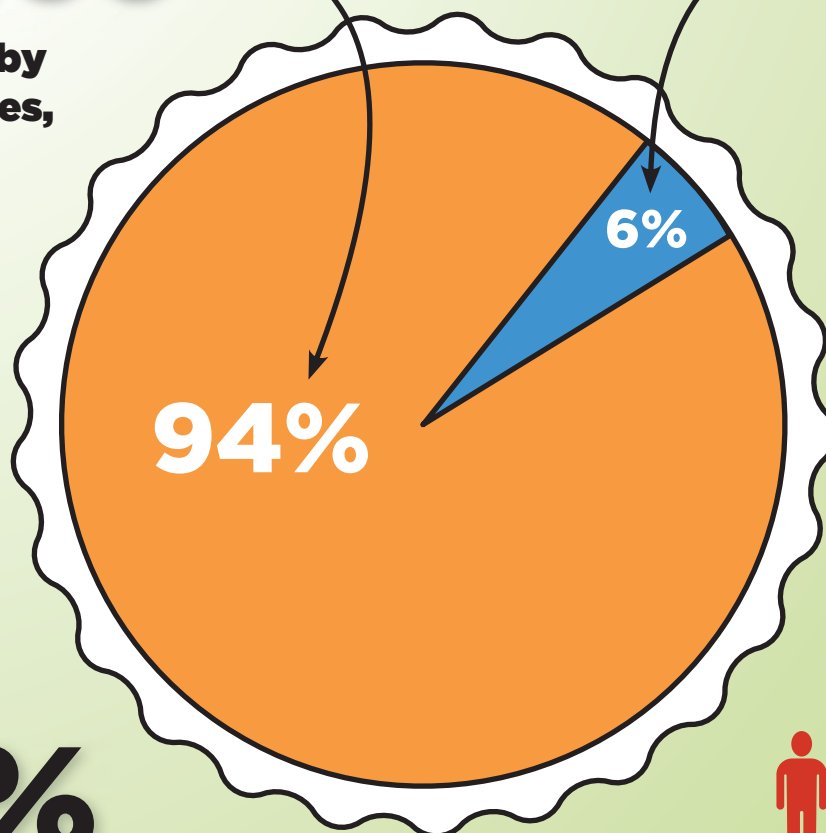

inspections by state agencies,

Spring 2019 – June 2024

608

inspections by FDA,

Spring 2019 – June 2024

30%

Minimum proposed FDA budget reduction from **\$27m to \$19m** at the least.

Proposed 30% leaves **2 in 5** state produce safety positions defunded.
